

Drag it, it scans and you're done!

IRIScan™ Book 5 is a light, autonomous, standalone, high resolution and lithium battery powered portable color scanner that allows you to scan magazines pages, books pages or letter & A4 documents such as invoices, contracts or even your favorite recipes. All this without having to rip pages off and damaging original support of document. It's the world's fastest portable autonomous scanner with only a few seconds needed to scan a document. Simply roll your way across the document and your scan will be saved automatically into the provided MicroSD™ card, ready to be transferred onto your PC or Mac. Once back at home, hotel or in the office, the scanned documents are automatically turned into editable documents by the worldwide used IRIS' flagship OCR software Readiris™

In other words, it offers exactly what a regular flatbed scanner may offer but scans faster, anywhere, on any kind of document support, without damaging it, and without warming up time needed, it gets the same image resolution level and all this on the go, without the need of a computer! A new era of scanning just begun, let's then enjoy this powerful liberty of document capture solution on the go with IRIScan Book!

Key features

Mobile scanner

- Specially convenient for Sales Rep & Product Marketers (Press article, flyers, ads, product competitor specs, ...); Logistic sector (warehouse clerk, packing slip, invoice, Air Way Bill, CMR,...); Legal & Insurance sector (complaints' documents, disaster documents, ...); Health sector (Doctor's prescription, health insurances' document refund, Pharmacy, ...); Education sector (student's lessons, courses documentation, training ...)
